Fibo Wall Panels | The product

Easier & more cost efficient

We make installation easier and more cost efficient for our customers. The wall system can be installed up to 5 times faster than tiles. Forget backer boards, membrane, glue and grouting, this product can be fitted directly onto wooden or steel studs, or even directly onto existing walls.*

* Differs to different national building regulations

Fibo Wall Panels | The benefits

8 reasons to make the smarter choice

- Easy and quick to install
- Shorter installation time
- Lower fitting cost
- Shorter down time
- No plaster board required
- Environmentally friendly
- 15 years warranty
- Installation training

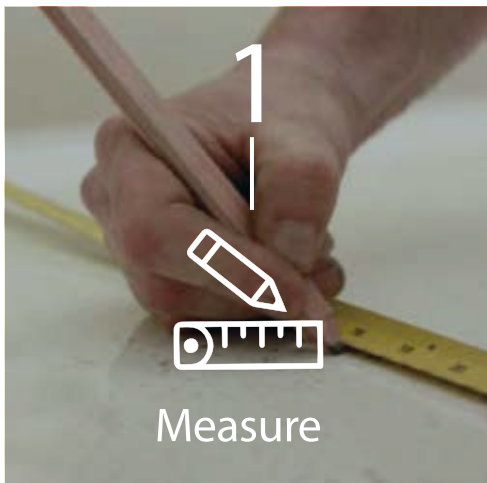

Fibo outperforms tiles on key parameters

	TILES	FIBO
Quick and easy fittings	×	✓
Simple to work with	×	✓

Easy to cut	×	✓
No grouting	×	✓
Lightweight	×	✓
Low maintenance	×	✓
Washable	✓	✓
Colorfast	✓	✓
Waterproof	✓	✓
Hygienic	×	✓
Warm to the touch	×	✓

Fibo | Safe and easy installation

Five times faster than tiles. About a hundred times easier.

According to calculations, a Fibo installation is at least five times faster than an equivalent ceramic tile installation. You save the most time during preparation work, as Fibo is installed directly on wooden or steel studs, as well as directly on various types of existing walls.

To make the surface waterproof, make sure to seal all corners, joints, profiles and edges.

Fibo Aqualock

100% waterproof*

With our patented Aqualock click system, Fibo panels are perfect for both refurbishment or new construction projects. The system makes the product unique and 100% waterproof, simplifies the assembly and minimizes the joints. There's no need for water vapor barrier or other waterproof membrane behind the panels.

- High pressure laminate surface (membrane and vapour barrier)
- Specially developed core of 9mm 7 layer WBP birch plywood
- Patented Aqualock system, for invisible joints
- Hygienic, easy to clean and maintain
- Can be directly installed onto studs
- Only supplier in the world to offer 3D designs
- 15 years warranty

Design approval: D21569 No.00 + US.00

Patent approval: P24306 No.00 + US.00 + EP.00

* To make the surface waterproof, make sure to seal all corners, joints, profiles and edges.

Fibo

Wall panel

Fibo | The company

We exist to take your bathroom to the next level

Fibo started out quite modestly as a small factory for wall panels from Norwegian wood. It became our mission to develop the walls which made wet room challenges easy.

Today, Fibo is the choice of professionals and we humbly take that as a proof of quality. Even if you just want to renovate a small bathroom, it is relevant to know that our business customers choose Fibo - when failure is not an option.

Our customer service have many years of experience and technical expertise. Trust us to solve your challenges, whether you want to renovate a small bathroom or design a facility to meet public demands.

Fibo | Wall panels for wet rooms

A wet room with the correct solution is prepared for everything

Wet rooms are the most complicated rooms in a building, and it demands a secure and confident choice. Fibo is the smart solution to this challenge.

- Easy and quick to install
- Low maintenance and easy to clean
- 100% waterproof surface, shower directly on the panels

Fibo is the perfect choice for wet rooms and other demanding areas. Fibo wall panels provide instant waterproof, hygienic walls in a large range of optional colors and finishes. The watertight surface will last for many years, and you can still create your bathroom in just a few days.

Fibo

Kitchen board

Why choose Kitchen Board from Fibo?

- Easy and quick installation
- Easy to keep clean
- Splash-proof and withstands temperature fluctuations
- Secure solution
- Affordable

Remodelling your kitchen doesn't have to be expensive and labour intensive.

Kitchen Board will give your kitchen an overall impression that is entirely new. You get an easy to maintain and durable result without breaking the bank or spending all your free time on renovations.

We've put together our kitchen renewal collections to give you an idea of the varied options we offer.

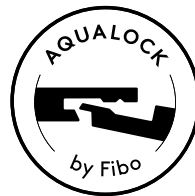

A NEW KITCHEN IN ONE AFTERNOON WITH KITCHEN BOARD

Renew your kitchen in a few hours with panels specially adapted to the space between countertop and overhead cabinets.

Kitchen Board is a secure and durable solution that is extremely easy to install. Easy to care for and maintenance-free panels that can withstand water splashes and temperature fluctuations. A Norwegian quality product with a wide range of decors.

The panels can be mounted directly onto joists or on existing screw-fixed walls. Follow the simple installation instructions and you are assured a tasteful result that you will enjoy for many years to come. The panels are easy to wipe down and simple to keep clean.

Kitchen Board comes in packs containing 2 pieces. Each board measures 23,62 x 22,83 Inches.

KITCHEN BOARD DECOR SELECTION

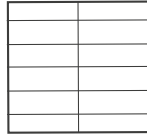

Fibo | Kitchen Board Backsplash designs: $\frac{5}{64}$ " or $\frac{9}{64}$ " grout line, grey or white grout line color

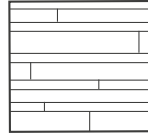

K00/KM00
No grout line

K03
Tile size $11 \frac{13}{16}$ " x $1 \frac{31}{32}$ "
 $\frac{9}{64}$ " grout line

KM3010
Tile size $11 \frac{13}{16}$ " x $3 \frac{15}{16}$ "
 $\frac{9}{64}$ " grout line

KM99
Broken slate
 $\frac{9}{64}$ " grout line

Kitchen Board size | $22 \frac{53}{64}$ " x $24 \frac{13}{32}$ "

Please note: The colors may differ slightly from the actual product. The pattern on one panel may not necessarily match the pattern on the following panel, meaning that some panels will look the best with a grout line design. Please contact us if you are in doubt! Abbreviations for surface finishes: HG = High Gloss, S = Silk, GEM = GEM stone, STN = Stone, EM = Extra Matt, RU = Rustic, C = Cement, SL = Slate, MET = Metal.

* GEM and C decors have a more markedly structure that demands cleaning with a lint-free cloth or melamine sponge.

** Kitchen Boards with MET surface must be handled with care to avoid scratches.

Kitchen Board comes in packs containing 2 pieces.
Installation instructions are provided with the packages.

Note: Because of technical printing reasons, the colours in the decor chart may differ from the actual product.
KM = Joint width 0,07 inch. K = Joint width 0,13 inch.
